CIRCLEBOLT.COM

Focus On Customer's Ultimate Satisfaction

Fun Facts:

When cooking in a cast iron skillet the amount of iron in the food may increase by 850%

More than 1,500 food items come in steel cans

There exists a battleship named USS New York, which was built with 24 tons of steel salvaged from the World Trade Center to commemorate the victims of 9/11

RAW MATERIAL MARKET VOLATILITY CONTINUES

As steel costs continue to increase, Circle Bolt & Nut Co., Inc. continues to work diligently to keep your pricing consistent. These market fluctuations are being buffered as much as possible by the level of inventory we stock. We strive to limit the volatility that you see versus the volatility in raw material costs.

Chart shows the steel raw material cost trend over the last 18 months

Sincerely,

James J Castellino

President & CEO
